Castrol Variocut C 334

High performance neat cutting oil

Description

Castrol Variocut™ C 334 is a chlorine and heavy-metal free neat cutting oil.

Application

Variocut C 334 is designed for grinding, drilling and general machining of cast iron and high alloyed steels. This product contains active sulphur and is not compatible with yellow metals.

Advantages

- Advanced additive technology gives high extreme pressure (EP) lubricity properties and lowers production costs through extended tool life
- Improved surface finish and increased cutting speeds leads to improvement of process efficiency
- Our chlorine and heavy-metal free formulation improves the environmental profile and reduces disposal costs
- Low viscosity and excellent wetting characteristics reduces drag out and results in lower product usage
